Rules for Tuesday Dart League

* The entry fee will be $10 each week and you will receive one beer, wine or house drink if you are present.
* Each team will play everyone once in the regular season. Top four seeds make the playoffs.
* We will be using a 80% handicap. Your dart league average will be a cumulative total of the last twenty games you shot here at Otto's. If you have never played in a dart league we will take your word for your average for week one. After week one your average will be what you shoot in the league.
* If you miss a night your team will get 80% of your average. If you miss you are still responsible for the entry fee and you lose your free drink. If an entire team does not show up their opponent will play against the 80% average to win points for that night, but the team that did not show can not get any points. You must also pay for the playoffs.
* Each team is allowed to use a substitute shooter one time in the regular season. The person that is filling in must have an established average from Otto's. No subs allowed in playoffs.
* A dollar fifty per person/per night for your first drink will be taken out of the entry fees, as required by law. Otto's will pay for the darts. All other money from entry fees will go out as prize money. Otto's does not make any profit from the entry fees of dart league.
* The entire team handy must be put at the beginning of the game. If a player is missing, that 80% must be spread out evenly throughout the entire game. Players absent get zero runs in extra innings. Players must shoot in order, you can not mix up your order during the game.
* Your foot must toe the line, it can touch the line/tape but no part of your foot may go over the line/tape.
* Roster changes must be made before the midpoint in the season. Once one dart is thrown in the second half of the season no more roster changes are allowed. Each team is limited to one roster change per season.
* Once you throw one dart in a game, your team can not take 80% of your average if you can't finish the game.
* If someone is late, we will wait :10 minutes then the game begins. No exceptions. A team can not voluntarily decide to wait for any players, including players on the opposite team. Once the first dart is thrown in the first inning, by either team, no players may enter that game. They may play in the next game.
* Three games will be played each night. The scoring will be one point for each win. A different player must throw for cork each game. If you don't have three different shooters to shoot cork then you lose cork in that game. Cork must stick and cork beats cork.
* Top four teams make the play-offs you will be seeded according to regular season records. Head to Head will break all ties. If head to head can not break the tie, we will have a one game playoff.
* The play-offs will be best of five. In the play-offs the better seed has choice of hammer in games one, two, and five. The worse seed has choice of hammer in games three and four. The boards are pre-determined. What you shoot in the playoffs will not go towards your average. We do not re-seed in the playoffs.
* To be eligible for the play-offs you must have shot in 50% of the regular season games you were eligible for and be paid up in full.
* The league commissioner reserves the right to adjust averages if anyone is sandbagging.
* Once the schedule is posted teams may not agree to move games, times, boards or forfeit games. If they do both teams forfeit their prize money.
* Prize money is split up and based on five teams. If teams drop out or shooters do not pay it may be adjusted.

Prize Money

All Money Will Be Paid Out On The Final Night
